NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1. General information

Pinnacle Technology Group plc is a company incorporated in the United Kingdom under the Companies Act 2006. The address of the registered office is given on the inside back cover of this report. The principal activity of the group is the provision of IT and telecommunications solutions to businesses in the United Kingdom. The financial statements are presented in pounds sterling because that is the currency of the primary economic environment in which each of the Group's subsidiaries operates.

1.1. Basis of preparation

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards and IFRIC interpretations endorsed by the European Union (EU) and with those parts of the Companies Act 2006 applicable to companies reporting under IFRS.

The financial statements have been prepared under the historical cost convention. The measurement bases and principal accounting policies of the Group are set out below. The principal accounting policies of the Group have remained unchanged from the previous year.

The Board acknowledges the significant cash outflow from operations in the current year and continue to review the markets it operates in and its ongoing cost base. This continued re-focus and restructure of the business has added £281k in restructuring and exceptional costs in the current year. On 21 November 2014 the Directors raised £564,470 (before expenses) by way of a private placing and an open offer to shareholders. The impact of this fund raise on the forecasts of the business, indicate that there is no requirement for additional funds for the group to continue under its core business model. However, the current Board have also committed to investing a minimum of £100,000 should the business require it in the next twelve months and has signed representations confirming this prior to approval and signing of the group accounts.

On the basis of a review of cash balances, banking facilities and the ability to call on certain shareholders to subscribe to an issue of new shares, together with a review of forecasts and sensitised cash flows, the Directors have a reasonable expectation that the Group has adequate resources to continue in operational existence for at least the next 12 months from the date of signing the financial statements. The Directors recognise that the Group must achieve and maintain monthly profitability for the business to cover its cost base and remain within its finance facilities. The accounting policies that have been applied in the opening balance sheet have also been applied throughout all periods presented in these financial statements.

1.2. New standards and interpretations of existing standards that are not yet effective and have not been adopted early by the Group

At the date of authorisation of these financial statements, the following new standards, amendments and interpretations are currently in issue but are not effective except for accounting periods commencing after 30 September 2014. The Group has not adopted these standards early and they are not expected to have a material impact on the Group's consolidated financial statements: New standards and interpretations

- Amendment to IFRS 11: Acquisition of an Interest in a Joint Operation. *
- Amendments to IAS 27 Separate Financial Statements. *
- Amendments to IFRS 10 and IAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture. *
- IFRS 15 Revenue from Contracts with Customers *
- International Financial Reporting Standard for Small and Medium-sized Entities (cannot yet be adopted in the UK)

The financial statements for the year ended 30 September 2014 were approved by the Board of Directors on 19 February 2015.

^{*} These standards above have not yet been endorsed by the European Union.

2. Principal Accounting Policies

a) Basis of consolidation

The Group financial statements consolidate those of the Company and all of its subsidiary undertakings drawn up to 30 September 2014. Subsidiaries are entities over which the Group has the power to control the financial and operating policies so as to obtain benefits from its activities. The Group obtains and exercises control through voting rights.

Unrealised gains on transactions between the Group and its subsidiaries or associates are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

Acquisitions of subsidiaries are dealt with using the acquisition method. The acquisition method involves the recognition at fair value of all identifiable assets and liabilities, including contingent liabilities of the subsidiary, at the acquisition date, regardless of whether or not they were recorded in the financial statements of the subsidiary prior to acquisition. On initial recognition, the assets and liabilities of the subsidiary are included in the consolidated statement of financial position at their fair values, which are also used as the cost bases for subsequent measurement in accordance with the Group accounting policies.

Goodwill is stated after separating out identifiable intangible assets. Goodwill represents the excess of acquisition cost over the fair value of the Group's share of the identifiable net assets of the acquired subsidiary at the date of acquisition.

Associates are those entities over which the Group has significant influence but which are neither subsidiaries nor interests in joint ventures. Investments in associates are recognised initially at cost and subsequently accounted for using the equity method and are reviewed for impairment annually. Acquired investments in associates are also subject to purchase method accounting. However, any goodwill or fair value adjustment attributable to the share in the associate is included in the amount recognised as investment in associates.

All subsequent changes to the share of interest in the equity of the associate are recognised in the Group's carrying amount of the investment. Changes resulting from the profit or loss generated by the associate are reported in "share of profits of associates" in the consolidated income statement and therefore affect net results of the Group. The Board resolved during the year to recognise only the Group's share of distributable profits generated by its associate on grounds of prudence.

These changes include subsequent depreciation, amortisation or impairment of the fair value adjustments of assets and liabilities.

Items that have been recognised directly in the associate's equity are recognised in the consolidated equity of the Group. However, when the Group's share of losses in an associate equals or exceeds its interest in the associate, including any unsecured receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate. If the associate subsequently reports profits, the investor resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Amounts reported in the financial statements of associates have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

b) Goodwill

Goodwill representing the excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired is capitalised and reviewed annually for impairment. Goodwill is carried at cost less accumulated impairment losses. Refer to Principal Accounting Policy (j) for a description of impairment testing procedures.

c) Revenue and revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the sale of goods and services in the ordinary course of the Group's activities. Revenue is shown net of value-added tax, returns, rebates and discounts and after eliminating sales within the Group.

c) Revenue and revenue recognition (continued)

The Group recognises revenue when the amount of revenue can be reliably measured; it is probable that future economic benefits will flow from the transaction and specific criteria have been met for each of the Group's activities as described below. The amount of revenue is not considered to be reliably measurable until all contingencies, such as revenue clawback provisions or final customer sign-off, relating to the sale have been resolved. The Group bases its estimates on prior experience, taking into consideration the type of customer and the type of transaction.

The Group recognises five segments for monitoring and reporting purposes:

- IT Services
- IT Security Solutions
- Cloud Services and Data Connectivity
- Telecommunication Services
- Mobile Services

IT Services

Revenue attributable to the maintenance and support of systems is invoiced in accordance with the contract and recognised on a straight-line basis over the support period. Deferred income arises where services are invoiced in advance of performance. The amount is released to the income statement in subsequent periods with reference to the stage of completion of the transaction at the Statement of Financial Position date, calculated on a cost basis. IT Consultancy, hardware sales and on-site installation support are recognised in the income statement in full upon successful delivery or installation at the customer premises.

IT Security Solutions

Revenue attributable to the maintenance and support of IT Security software and hardware solutions is invoiced in accordance with the contract and recognised on a straight-line basis over the support period. Revenue from the sale and installation of hardware and associated licences is recognised in the income statement when the significant risks and rewards of ownership have passed to the buyer, usually on installation or software licence renewal date. Deferred income arises where services are invoiced in advance of performance. Accrued Income arises where service installation has been completed but not invoiced at the Statement of Financial Position date. The amount is released to the income statement in subsequent periods with reference to the stage of completion of the transaction at the Statement of Financial Position date. The stage of completion is determined using the cost method, which recognises revenues based on the costs incurred at the Statement of Financial Position date.

Cloud Services and Data Connectivity

Installation and Set-Up Revenues are invoiced in advance but are not recognised as Revenue in the income statement until the service goes live. Thereafter, Cloud Services and Data Connectivity Revenues principally consist of contracted monthly or quarterly rentals in advance in accordance with the contracts and are recognised on a straight-line basis over the support period. Deferred income arises where services are invoiced in advance of performance. The amount is released to the income statement in subsequent periods with reference to the stage of completion of the transaction at the Statement of Financial Position date. The stage of completion is determined using the cost method, which recognises revenues based on the costs incurred at the Statement of Financial Position date.

For cloud and data connectivity solutions for short-term events, Revenues are primarily invoiced in arrears after the service goes live in accordance with the contract. Accrued Income arises where service installation has been completed but not invoiced at the Statement of Financial Position date.

Telecommunications services

Fixed line network services for voice principally consist of service and usage charges. Service charges are recognised evenly over the period to which the service relates. Usage charges are recognised in the period when the service is received by the customer. Where period discounts are offered, the discount is spread evenly over the contract.

c) Revenue and revenue recognition (continued)

The Group sells and installs telephony systems. Revenue from the sale and installation of hardware and associated licences is recognised in the income statement when the significant risks and rewards of ownership have passed to the buyer, usually on installation. External costs associated with the installation are recorded as work-in-progress until the revenue has been recognised. Revenue in respect of licences is only recognised where there are no ongoing obligations. Where ongoing obligations exist revenue is deferred and recognised in the income statement in the appropriate period. The system may be sold as part of a package including network services and maintenance. Customer discounts, such as free maintenance or free line rental for a period of the contract, are apportioned between the system sale and the associated service based on sales value.

The Group provides maintenance services for telephony systems. Revenue is recognised evenly over the contract period. Fees charged to customers for the provision of maintenance and support services are recognised on a straight line basis over the period of the related agreement.

Revenue from the sale and installation of hardware is recognised in the income statement when the significant risks and rewards of ownership have passed to the buyer, usually on installation. Costs associated with this revenue are recognised in the same month.

Mobile solutions

Mobile network services (voice and data) principally consist of service and usage charges. Service charges are recognised evenly over the period to which the service relates. Usage charges are recognised in the period when the service is received by the customer. This applies to customer mobile contracts sold via our Mobile Virtual Network Operator (MVNO) agreement and also for customer contracts sold direct with the mobile network providers.

Where period discounts are offered, the discount is spread evenly over the contract. Commissions receivable from mobile network operators for new connections or the resigning of an existing contract are recognised in line with the fulfilment of the associated obligation. Separate provision is made for any anticipated liabilities.

Revenue from the sale of mobile hardware is recognised in the income statement when the significant risks and rewards of ownership have passed to the buyer. Costs associated with this revenue are recognised in the same month.

d) Foreign currencies

Transactions in foreign currencies are translated at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities in foreign currencies are translated at the rates of exchange ruling at the Statement of Financial Position date. All exchange differences are recognised in the income statement.

e) Property, plant and equipment

Property, plant and equipment, which include motor vehicles, are stated at cost, net of depreciation and any provision for impairment. The depreciation policy is contained in Principal Accounting Policy (h).

f) Disposal of assets

The gain or loss arising on the disposal of an asset is determined as the difference between the disposal proceeds and the carrying amount of the asset and is recognised in the income statement.

g) Exceptional items

Items that are material and non-operating or non-recurring in nature are presented as exceptional items in the income statement, within the relevant account heading. Items that may give rise to classification as exceptional items include, but are not limited to, significant Group restructuring and rationalisation programmes, asset impairments, profits or losses on the disposal of businesses, negative goodwill, transaction fees and re-measurement of contingent consideration.

Share based payments are presented as exceptional items in the income statement regardless of materiality, on the basis that they are recorded in other reserves, outside of retained reserves movements on the statement of financial position and that they may result in an exchange of equity instruments at some future date.

g) Exceptional items (continued)

Other items presented as exceptional items relate to the share of profit from the associate business Stripe21, where historically the group recognised a percentage of the profit before tax as an increase in fair value of its investment, by way of its significant shareholding but recognising that it does not have overall control of the performance of that business. On 30 September 2014, the group performed a fair-value calculation of its investment in Stripe21 and agreed to impair this investment by £34,755, down to cost, recognising that the Stripe21 business may not be in a position to pay a cash dividend in the foreseeable future. The Group also present movements in fair value adjustments relating to assets and liabilities as exceptional items due to their non-cash and non-operating nature.

h) Depreciation

Depreciation is calculated on a straight line basis so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Plant and equipment –three to five years IT equipment –three to four years Fixtures, fittings and leasehold improvements –three to four years Motor vehicles –three to four years Software development –five years

Material residual value estimates are updated as required, but at least annually.

i) Intangible assets

Intangible assets mainly comprise the fair value of customer bases and other identifiable assets acquired which are not included on the balance sheets of the acquired companies. A fair value calculation is carried out based on evaluating the net recurring income stream from each type of intangible asset. Intangibles are initially recognised at fair value, and subsequently carried at this fair value, less accumulated amortisation and impairment. The following items were identified as part of the acquisitions of entities by the Group.

- Maintenance contracts amortised over 10 years
- Customer lists to be amortised over 5 to 10 years
- Custom Voice over internet systems to be valued and amortised over a maximum of 10 years.

The allocation of fair values to the tangible assets and the identification and valuation of intangible assets affects the calculation of goodwill recognised in respect of an acquisition and as such represents a key source of estimation uncertainty. Refer to Principal Accounting Policy t) below.

j) Impairment testing of goodwill, other intangible assets and property, plant and equipment

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units). As a result, some assets are tested individually for impairment and some are tested at cash generating unit (CGU) level. Goodwill is allocated to those CGU's that are expected to benefit from synergies of the related business combination and represent the lowest level within the Group at which management monitors the related cash flows.

Impairment reviews are carried out using multi-year cash flow projections from the approved budgets of the Group. These are discounted using a 20% weighted average cost of capital, reflecting the time value of money and the nature and risks of the CGU. Where the CGU contains a customer base, then this asset is discounted further using an annual customer retention ratio to reflect the assumed diminution of revenues from a customer base over time. The customer retention ratio used is measured separately by CGU and is calculated as the lower of the actual customer base retention ratio experienced and 80% per annum.

Cash flows measured over a maximum of 10 years, as opposed to the previous policy of a maximum of 5 years. The term and customer retention ratio is attributed separately to each asset and is assessed by the Board at the time of acquisition.

j) Impairment testing of goodwill, other intangible assets and property, plant and equipment (continued)

Following a sustained period of improved customer retention and cash flows generated from customer acquisitions, the Directors revised the term over which cash flow projections are measured in 2010. Customer bases acquired after 1 October 2008 have Goodwill and other intangible assets with an indefinite useful life, and those intangible assets not yet available for use, are tested for impairment at least annually. All individual assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of fair value, reflecting market conditions less costs to sell, and value in use based on an internal discounted cash flow evaluation. Impairment losses are credited to the carrying amount of the relevant asset. With the exception of goodwill, all assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist.

k) Leased assets

In accordance with IAS 17, the economic ownership of a leased asset is transferred to the lessee if the lessee bears substantially all the risks and rewards related to the ownership of the leased asset. The related asset is recognised at the time of inception of the lease at the fair value of the leased asset or, if lower, the present value of the minimum lease payments plus incidental payments, if any, to be borne by the lessee. A corresponding amount is recognised as a finance leasing liability.

The interest element of leasing payments represents a constant proportion of the capital balance outstanding and is charged to the income statement over the period of the lease. All other leases are regarded as operating leases and the payments made under them are charged to the income statement on a straight line basis over the lease term. Lease incentives are spread over the term of the lease.

I) Inventories and work in progress

Inventories are stated at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. The cost is calculated using the FIFO basis. Work in progress relates to costs incurred on part completed work.

m) Taxation

Current tax is the tax currently payable based on taxable results for the year. Deferred income taxes are calculated using the liability method on temporary differences. Deferred tax is generally provided on the difference between the carrying amounts of assets and liabilities and their tax bases. However, deferred tax is not provided on the initial recognition of goodwill, nor on the initial recognition of an asset or liability unless the related transaction is a business combination or affects tax or accounting profit.

In addition, tax losses available to be carried forward as well as other income tax credits to the Group are assessed for recognition as deferred tax assets. Deferred tax liabilities are provided in full, with no discounting. Deferred tax assets are recognised to the extent that it is probable that the underlying deductible temporary differences will be able to be offset against future taxable income. Current and deferred tax assets and liabilities are calculated at tax rates that are expected to apply to their respective period of realisation, provided they are enacted or substantively enacted at the reporting date.

Changes in deferred tax assets or liabilities are recognised as a component of tax expense in the income statement, except where they relate to items that are charged or credited directly to equity, in which case the related deferred tax is also charged or credited directly to equity.

n) Financial assets

Financial assets are divided into categories as appropriate, although we currently only have a single category being loans and receivables. Financial assets are assigned to categories by management on initial recognition, depending on the purpose for which the investments were acquired.

All financial assets are recognised when the Group becomes a party to the contractual provisions of the instrument. All financial assets are initially recognised at fair value, plus transaction costs. De-recognition of financial assets occurs when the rights to receive cash flows from the investments expire or are transferred and substantially all of the risks and rewards of ownership have been transferred. An assessment for impairment is undertaken at least at each reporting date.

n) Financial assets (continued)

Interest and other cash flows resulting from holding financial assets are recognised in the income statement when receivable. Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They arise when the Group provides money, goods or services directly to a debtor with no intention of trading the receivables. Loans and receivables are subsequently measured at amortised cost using the effective interest rate method, less provision for impairment.

n) Financial assets (continued)

Any change in their value through impairment or reversal of impairment is recognised in the income statement. A provision against trade receivables is made when objective evidence is received that the Group will not be able to collect all amounts due to it in accordance with the original terms of those receivables. The amount of the write-down is determined as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate.

o) Cash and cash equivalents

Cash at bank and in hand comprise cash on hand and demand deposits, together with other short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

p) Financial liabilities

Financial liabilities are obligations to pay cash or other financial instruments and are recognised when the Group becomes a party to the contractual provisions of the instrument. All interest related charges are recognised as an expense in 'finance cost' in the income statement. Loan notes are raised for support of long-term funding of the Group's operations. The financial liability arising on the loan notes is carried at amortised cost. The embedded derivative, which represents an embedded prepayment option, is carried at fair value.

Finance charges, including premiums payable on settlement or redemption, and direct issue costs are charged to the income statement on an accruals basis using the effective interest method and are added to the carrying amount of the instrument to the extent that they are not settled in the period in which they arise.

Dividend distributions payable to equity shareholders are included in 'other short-term financial liabilities' when the dividends are approved in general meeting prior to the reporting date.

q) Equity

Equity comprises the following:

- 'Share capital' represents the nominal value of equity shares.
- 'Share premium' represents the excess over nominal value of the fair value of consideration received for equity shares, net of expenses of the share issue.
- 'Merger reserve' represents the excess over nominal value of the fair value of consideration received for equity shares, net of expenses of the share issue, in connection with acquisitions.
- Other reserve' represents equity-settled share-based employee remuneration until such share options are exercised.
- 'Fair Value Adjustment' represents the difference between the market value at the date of issue of shares to satisfy acquisitions and the value agreed with the vendors relating to these acquisitions.
- 'Retained earnings reserve' represents retained profits and accumulated losses.

r) Employee benefits

Share-Based Payment - Equity settled

All material share-based payment arrangements are recognised in the financial statements. All goods and services received in exchange for the grant of any share-based remuneration are measured at their fair values. Fair values of employee services are indirectly determined by reference to the fair value of the share options awarded. Their value is appraised at the grant date and excludes the impact of non-market vesting conditions (for example, profitability and sales growth targets).

r) Employee benefits (continued)

All share-based remuneration is ultimately recognised as an expense in the income statement with a corresponding credit to 'other reserve'. If vesting periods or other non-market vesting conditions apply, the expense is allocated over the vesting period, based on the best available estimate of the number of share options expected to vest. Estimates are subsequently revised if there is any indication that the number of share options expected to vest differs from previous estimates.

Any cumulative adjustment prior to vesting is recognised in the current period. No adjustment is made to any expense recognised in prior periods if share options ultimately exercised are different to that estimated on vesting.

Upon exercise of share options the proceeds received net of attributable transaction costs are credited to share capital and share premium.

s) Pension

The Group makes payments to defined contribution retirement benefit plans that are charged as an expense as they fall due. Payments are made on the basis of a percentage of qualifying salary for certain employees to personal pension schemes. The total charge to the income statement for the period was £8,383 (2013: £4,500). There were no overdue contributions payable at the reporting date (2013: £nil).

t) Critical accounting judgements and key sources of estimation uncertainty

Critical judgements in applying the Group's accounting policies

The allocation of fair values to the tangible assets and the identification and valuation of intangible assets affects the goodwill and the assignment of that to each cash generating unit, recognised in respect of the acquisition. Estimates and judgements around the allocation of fair values are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Key sources of estimation uncertainty

The key assumptions concerning the future and other sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Intangible assets

Intangible assets are non-physical assets which have been obtained as part of an acquisition and which have an identifiable future economic benefit to the Group at the point of acquisition. Customer bases are valued at acquisition by measuring the future discounted cash flows over a five year or ten year period from the date of acquisition, depending on class and date of acquisition and assumes diminution for retention at 80% per annum, using a 20% weighted average cost of capital. IT systems and software development are valued at cost.

This policy is applied across all CGU's except for RMS, where customers renew their IT Security contracts on specific renewal date and for a fixed term of up to five years. For this customer base we apply the historical IT Security contract renewal rate of 61.2% to contract renewals in years one and two and then further diminish this renewal rate by 61% every two years, resulting in a 18.2% customer retention ratio in years nine and ten.

Determining whether intangible assets are impaired requires the judgement of whether there is an impairment indicator. Management consider losses in acquired subsidiaries to be an impairment indicator and perform regular tests to measure the future cash flows to ensure that the loss is due to operating costs, restructuring costs and not a result of the performance of the intangible assets.

The key judgement for the carrying value of intangible assets is the cash flows associated with the intangible assets and the weighted average cost of capital. Each of the intangible assets held by the Group is measured regularly to ensure that they generate discounted positive cash flows. Where there is indication of impairment, the intangible asset is impaired by a charge to the income statement. Further details on the impairment tests are shown in note j) above and Note 8.

Going concern

The Board acknowledges the significant cash outflow from operations in the current year and continue to review the markets it operates in and its ongoing cost base. This continued re-focus and restructure of the business has added £281k in restructuring and exceptional costs in the current year. The impact of this reduction in costs on the forecasts indicate that there is no requirement for additional funds for the group to continue under its core business model. The current Board have however committed to investing a minimum of £100,000 should the business require it in the next twelve months and has signed representations confirming this prior to approval and signing of the group accounts.

3. Segment Reporting

The chief operating decision-maker has been identified as the Chief Executive Officer ("CEO") of the Company. The CEO reviews the Group's internal reporting in order to assess performance and to allocate resources. The Directors present below the results for 2014 and 2013 comparisons, based on the reportable operating segments which remain unchanged from the prior year.

The Group currently has five reportable segments:

| • | IT Services | this segment provides IT support, consultancy, installation and hardware solutions to SME companies. |
|---|--------------------------------------|--|
| • | IT Security Solutions | this segment provides a range of IT applications, maintenance, sale and installation of hardware and licenses in addition to consultancy and support services in order to secure data and assets for corporate and enterprise companies. |
| • | Cloud Services and Data Connectivity | this segment provides leased lines, data connectivity, wireless solutions, data centre and hosting services, VoIP and other cloud based applications to business customers. |
| • | Telecommunication Services | – this sector covers a range of telecommunications services including calls, line rental and telephone system maintenance. |
| • | Mobility Solutions | this segment provides a range of mobile services and solutions to SME companies. |

Information regarding the operation of the reportable segments is included below. The CEO assesses the performance of the operating segments based on revenue and a measure of Earnings before Interest, Depreciation and Amortisation (EBITDA) before any allocation of Group overheads or charges for share based payments. Segments are measured below on this basis.

Recurring and renewable reporting segments refer to customers who have entered into ongoing or fixed term contracts with the group to supply services for a duration exceeding 1 month.

The CEO believes that such information is the most relevant in evaluating the results of the segment. The Group's EBITDA for the year has been calculated after deducting Group overheads from the EBITDA of the five segments as reported internally. The Group overheads include the cost of the Board, the costs of maintaining a listing on AIM, legal and professional fees, and the costs of shareholder communications including the costs of retaining a Nominated Advisor and a Broker.

The segment information is prepared using accounting policies consistent with those of the Group as a whole. The performance of the Group is reviewed by the Chief Executive Officer on a segment basis and have been disclosed. All segments are continuing operations. No customer accounts for more than 10% of external revenues. Inter-segment transactions are accounted for using an arms-length commercial basis.

The majority of assets and liabilities of the Group are pooled centrally and are shared across all operating segments as required, based on demand over time. For this reason, apportionment of assets and liabilities cannot be measured accurately across segments and are therefore not disclosed.

3. Segment Reporting (continued)

| 3.1 Analysis of revenue | 2014 | 2013 |

3.2.5 Significant customer revenue

Pinnacle has a diverse and broad customer base, incorporating both public and private sector business customers, from a wide range of industry sectors, operating in the enterprise, corporate and SME markets. The group was not reliant upon any one single customer to contribute more than 10% of its revenue in the financial year to September 2014 or to September 2013.

| 4. Operating loss | 2014 £ | 2013 £ |
|---|----------------------|----------------------|
| Loss from operations is stated after charging: Depreciation of owned assets | (310,849) | (187,751) |
| Other operating lease rentals: – buildings | (82,703) | (141,302) |
| Auditors' remuneration: - audit of parent company - audit of subsidiary companies | (15,000) (30,000) | (10,500) (36,750) |

5. Finance income and finance costs

Finance cost includes all interest-related income and expenses. The following amounts have been included in the income statement line for the reporting periods presented:

| | 2014 | 2013 |
|---|--------|--------|
| | £ | £ |
| Interest income resulting from short-term bank deposits | 918 | 9,532 |
| Finance income | 918 | 9,532 |
| Interest expense resulting from: | | |
| - Convertible loan | - | 1,200 |
| - finance leases | 3,567 | 3,367 |
| - bank overdrafts | 5,373 | 5,098 |
| - other commercial loans | 4,346 | 2,634 |
| - overdue taxation | - | 1,027 |
| Finance costs | 13,286 | 13,326 |

6. Employee costs

6.1 Directors and employees

At 30 September 2014 the Group employed 35 staff. The average number of staff employed by the Group during the financial year amounted to 41 as follows:

| | 2014 | 2013 |
|--|----------|----------|
| Number of management staff Number of operational staff | 11 30 | 11 54 |
| Total | 41 | 65 |

Employee numbers are stated including Directors.

6.2 Employee remuneration

| | 2014 £ | 2013 £ |
|-----------------------|-----------|-----------|
| Wages and salaries | 1,553,572 | 2,151,292 |
| Pension Contributions | 8,383 | 4,500 |
| Share option costs | (34,767) | 13,922 |
| Social security costs | 187,001 | 202,563 |
| Total | 1,714,189 | 2,372,277 |

6.3. Share-based remuneration

The Company has an HMRC approved EMI share option scheme as part of the remuneration of senior management. There is also an unapproved share option scheme in place which is used where the individuals do not fall under the rules of the approved scheme. The maximum term of current arrangements under the EMI scheme ends on 1 July 2018.

The unapproved scheme has no set term and the current arrangements continue until further notice. In both schemes, upon vesting, each option allows the holder to purchase one ordinary share at the pre-agreed option price. All share-based employee remuneration will be settled in equity. The Group has no legal or other obligation to repurchase or settle the options. The performance criteria attached to the outstanding options is based on total shareholder return. The share options were issued at a 25% premium to the mid-market price at the time of issue to ensure shareholder value.

| | | 2014 | | 2013 |
|-----------------------------|-----------|---------------------------|-----------|---------------------------------|
| | | weighted | | |
| | | average exercise price | | Weighted average exercise price |
| | Number | Р | Number | <u>P</u> |
| Outstanding at 1 October | 1,028,788 | 21.55p | 1,048,788 | 21.72p |
| Granted | 1,000,000 | 15.60p | - | - |
| Lapsed | (715,455) | 17.61p | (20,000) | 30.00p |
| Outstanding at 30 September | 1,313,333 | 19.04p | 1,028,788 | 21.55p |

During the year 545,455 share options granted on 1 June 2008 and 170,000 share options granted on 9 July 2009 lapsed as a result of employee leavers. At 30 September 2014, Pinnacle Technology Group plc has granted the following outstanding share options:

| Date Granted | Balance 2014 | Movement during the year | Balance 2013 | Exercise Price p | Dates Excercisable | Remaining contractual life (months) |
|-----------------|-----------------|--------------------------|-----------------|---------------------|------------------------------------|-------------------------------------|
| 1 December 2003 | 6.667 | | 6.667 | 300.00p | 1 December 2005 - 30 November 2014 | 14 |
| i December 2003 | 0,007 | - | 0,007 | 300.00p | 1 December 2005 - 30 November 2014 | 14 |
| 1 June 2008 | 100,000 | (545,455) | 645,455 | 13.75p | 1 July 2010 - 1 July 2018 | 57 |
| 9 July 2009 | 206,667 | (170,000) | 376,667 | 30.00p | 9 July 2011 - 9 July 2019 | 69 |
| 26 March 2014 | 1,000,000 | 1,000,000 | - | 15.60p | 26 March 2017 – 26 March 2024 | 114 |

6.3 Share-based remuneration (continued)

In total (£34,767) of share-based remuneration expense has been included in the consolidated income statement for 2014 (2013: £13,922). The fair value of options granted was calculated using the Black Scholes option pricing model, incorporating the following key assumptions:

| | | 2014 | | | | 2013 | 013 | |
|--|-----------|---------|---------|--------|---------|---------|--------|--|
| Number of options | 1,000,000 | 206,667 | 100,000 | 6,667 | 376,667 | 645,455 | 6,667 | |

| | 2014 | 2013 |
| 7. Total and continuing loss per share | £ | £ |
| Loss attributable to ordinary shareholders | (1,773,870) | (2,709,343) |
| | Number | Number |
| | | |
| Weighted average number of ordinary shares in issue | 35,604,548 | 28,631,639 |
| Basic and diluted loss per share (pence) | 4.98p | 9.46p |

Both the basic and diluted earnings per share have been calculated using the net loss after taxation attributable to the shareholders of Pinnacle Technology Group plc as the numerator. On 26 March 2013 at the Annual General Meeting, the company passed an ordinary resolution for a 1-for-100 share consolidation, whereby the ordinary shares on the Company were sub-divided and reclassified as follows:

- 1. Every one hundred ordinary shares of £0.001 were consolidated on a 100:1 basis into one £0.1 ordinary shares
- 2. Each £0.1 ordinary shares were subdivided into (a) one £0.01 ordinary shares; and (b) one £0.09 Deferred Shares
- 3. The £0.09 Deferred Shares were subdivided into ten £0.009 Deferred Shares

No share certificates were issued in respect of deferred shares, or the ordinary shares of £0.1 As a result of the share consolidation, the weighted average number of outstanding shares used for basic earnings per share amounted to 28,631,639 shares (2012: 21,486,964), both figures being shown post consolidation. Due to the losses incurred by the Group the share options are anti-dilutive.

Intangible assets are non-physical assets which have been obtained as part of an acquisition and which have an identifiable future economic benefit to the Group at the point of acquisition. Prior to 1 October 2011, the Group's policy was for customer lists, IT systems and Maintenance contracts to be amortised over a maximum of 5 years from the date of acquisition. Following a review of this policy and in light of improved actual customer retention rates experienced since 30 September 2008, the Group has amended its policy from 1 October 2010 onwards as follows:

| its policy from a October 2010 offwards as follows. | | |
|--|--|--|
| | Intangible Assets Acquired Prior to 30 September 2008 | Intangible Assets Acquired 01 October 2008 onwards |

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units). As a result, some assets are tested individually for impairment and some are tested at cash generating unit (CGU) level. Goodwill is allocated to those assets that are expected to benefit from synergies of the related business combination and represent the lowest level within the Group at which management monitors the related cash flows. The term and customer retention ratio is attributed separately to each asset and is assessed by the Board at the time of acquisition. As a result, where there is an impairment indicator in accordance with IAS 36, some assets are tested individually for impairment and some are tested at cash generating unit level. Each year, management compare the resulting cash flow projections by CGU to the carrying value of goodwill. Any material variance in this calculation results in an impairment charge to the income statement.

Customer bases are assessed annually for impairment but on an individual basis by measuring the actual post-acquisition cash flows of individual customers purchased from the date of acquisition and projecting these cash flows forward over time, using a 20% weighted average cost of capital and a customer retention ratio of 80% per annum. This policy is applied across all CGU's except for RMS, where customers renew their IT Security contracts on specific renewal date and for a fixed term of up to five years. For this customer base we apply the historical IT Security contract renewal rate of 61.2% to contract renewals in years one and two and then further diminish this renewal rate by 61% every two years, resulting in a 18.2% customer retention ratio in years nine and ten.

The Group compares the projected cash flows to the actual cash flows generated from the acquired customer bases in order to identify any impairment of the asset. The calculations are sensitive to movements in both the weighted average cost of capital and the customer retention ratio. Sensitivities have been run on cash flow forecasts for all CGU's. Management are satisfied that the key assumptions of revenue and EBITDA growth rates are achievable and that reasonable possible changes to those key assumptions would not lead to the carrying amount of the relevant CGU exceeding the recoverable amount. Sensitivities have also been run on the discount rate applied and management are satisfied that a reasonable increase in the discount rate would not lead to the carrying amount of the relevant CGU exceeding the recoverable amount as follows:

In performing calculations for the customer bases as at 30 September 2014, an impairment provision of £462,522 (2013: £691,404) was considered necessary. The provision at 30 September 2014 related to the customer bases of RMS Managed ICT Security Limited of £189,565 and Online Computer Developments Limited of £32,682. The remaining £240,275 relates to the impairment of the MacLellanIT customer base acquired in August 2011, which has been impacted by the result of wilful misconduct by the vendor and a number of former employees of the Group.

| | | Country of | | |
|----------------------------------|---------|--------------------------|---------------------|------------------------------|
| | Holding | Incorporation | Shares | Nature of business |
| Pinnacle Cloud Solutions Limited | 100% | Scotland | Ordinary | IT Services and Connectivity |

| Sipswitch Limited | 100% | England and Wales | Ordinary/Preference | Voice over Internet |

^{*} Following a strategic review in July 2013, the company decided to cease trading in Aware Distribution Limited as at 31 October 2013, the business being considered a non-core activity.

9. Associate company

As part of the acquisition of Accent Telecom UK Limited in 2010, the Group acquired a 40% investment in the ordinary share capital of Stripe21 Limited, a company registered in England and Wales. Historically, this has been accounted for using the equity method where the investment in Stripe21 was initially recognised at cost and has its carrying amount adjusted to recognise the Group's share of the profit or loss of Stripe21, after the date of acquisition. However, on 30 September 2014, the group performed a fair-value calculation of its investment in Stripe21 and agreed to impair this investment by £34,755 down to cost, recognising that the Stripe21 business may not be in a position to pay a cash dividend in the foreseeable future. Stripe21 Limited has an accounting reference date of 30 June.

| | 2014 £ | 2013 £ |
|---|-----------|-----------|
| Fair value of investment in associated company – Stripe21 Limited | 200,055 | 181,171 |
| Impairment of investment in associated company – Stripe21 Limited | (34,755) | - |
| Share of profit/(loss) from associate | - | 18,884 |
| Investment in associated company at 30 September | 165,300 | 200,055 |

In the year to June 2014, the unaudited accounts of Stripe21 Limited reported revenue of £525,052 (2013: £555,646) and profit after tax of £78,496 (2013: £47,209), reducing its negative net assets position, created as a result of its high start-up costs, from negative £150,467 to negative £73,928 during the year. Assets reported at June 2014 were £195,180 (2013: £208,618), and liabilities were £269,108 (2013: £334,690). The reporting date of 30th June is historic, and the difference between the reporting date of the Group and its associate, for Group reporting purposes, is not considered to be material.

12. Leases

12.1. Finance leases

Pinnacle Technology Group plc has finance leases which relate to assets used within the Group. The net carrying amount of the assets held under the leases is £33,305 (2013: £65,668). The assets are included under IT Equipment and Motor Vehicles. The amounts held under hire purchase agreements are secured on the assets concerned. Future minimum lease payments as at 30 September 2014:

| | Within 1 year | 1 to 5 years | More than 5 years | Total |
|----------------------------|---------------|--------------|-------------------|--------|
| | £ | £ | £ | £ |
| Finance lease payments due | 23,232 | 10,432 | - | 33,664 |

Gross finance lease payments, including interest due over the term, equate to £44,066. Of this amount, £30,416 is due within 1 year, and £13,650 in 1 to 5 years.

12.2. Operating leases

The Group's minimum operating lease payments all relate to land and buildings as follows:

| | Within 1 year | 1 to 5 years | More than 5 years | Total |
|-------------------------|---------------|--------------|-------------------|--------|
| Land and buildings | £ | £ | £ | £ |
| As at 30 September 2014 | 42,390 | 12,760 | - | 55,150 |
| As at 30 September 2013 | 44,813 | 3,600 | - | 48,413 |

Lease payments recognised as an expense during the year amounted to £82,703 (2013: £141,302). No sublease income is expected as all assets held under lease agreements are used exclusively by the Group. The terms left on the non-cancellable leases can be summarised as follows:

| | Rented since | Non-cancellable term left |
|--------------------------------|--------------|---------------------------|
| Property | | |
| 101 Abercorn Street, Paisley | 1995 | 6 months |
| Victory House, Northampton | 2013 | 4 months |
| Genesis Centre, Stoke on Trent | 2013 | 3 months |
| Queenslie Court, Glasgow | 2011 | 20 months |

Operating leases do not contain any contingent rent clauses. None of the operating lease agreements contain renewal of purchase options or escalation clauses or any restrictions regarding dividends, further leasing or additional debt.

13. Inventories

| | 2014 | 2013 |
|---------------------------------|-----------|-----------|
| | £ | £ |
| | | |
| Consumables | 25,102 | 76,434 |
| Work in Progress | 21,176 | 14,788 |
| Inventories | 46,278 | 91,222 |
| 14. Trade and other receivables | | |
| | 2014 | 2013 |
| | £ | <u>£</u> |
| Trade receivables | 841,990 | 1,129,097 |
| Prepayments and accrued income | 455,475 | 791,082 |
| | 1,297,465 | 1,920,179 |

Trade receivables at the reporting date comprise amounts receivable from the provision of IT and telecommunications services. The average credit period taken on the provision of these services is 34 days (2013: 38 days). Trade receivables are stated net of an impairment for estimated irrecoverable amounts of £110,986 (2013: £139,828). This impairment has been determined by reference to known issues. Write offs are made when the irrecoverable amount becomes certain. The carrying value of trade and other receivables approximates to their fair value. The bad debt provision as at 1st October 2013 was £139,828. During the year £58,120 of bad debt was written off against the provision, and a further provision of £29,278 made resulting in the bad debt provision of £110,986 as at 30th September 2014.

14. Trade and other receivables (continued)

At 30 September 2014 trade receivables amounting to £275,210 (2013: £400,018) were past due but not impaired. The past due balance is calculated by reference to specific terms agreed with each customer. The age of trade receivables not impaired is as follows:

| | 2014 | 2013 |
|----------------------------------|---------|-----------|
| | £ | £ |
| Not past due (less than 30 days) | 478,468 | 699,648 |
| 30 – 59 days | 176,624 | 198,652 |
| 60 – 89 days | 49,322 | 132,294 |
| 90 – 119 days | 28,506 | 54,278 |
| 120 days + | 109,070 | 44,225 |
| | 841,990 | 1,129,097 |

Credit risk

The Group's main risk relates to trade receivables which are stated net of the provisions above. No collateral is held as security against these debtors and the carrying value represents the fair value. The Group does not identify specific concentrations of credit risk with regards to trade and other receivables, as the amounts recognised represent a large number of receivables from various customers, including some government and public authorities.

15. Cash and cash equivalents

| | 2014 £ | 2013 £ |
|---------------------------|-----------|-----------|
| Cash at bank and in hand | 173,240 | 587,651 |
| Bank overdraft facilities | (116,137) | (122,133) |
| Cash and cash equivalents | 57,103 | 465,518 |

Cash balances are held with a small number of counter parties. The cash figure at 30 September 2014 can be attributed to the losses for the year although the Group continued to manage and forecast cashflows on a specific customer and suppliers basis throughout the year, and particularly at the year end. The majority of bank accounts are held with HSBC plc. The bank facility with HSBC is secured by Directors guarantee and a fixed and floating debenture over company assets.

On 21 November 2014, the Group raised £564,470 (before expenses) by way of a private placing and an open offer to shareholders.

| 16.1. Trade and other payables | 2014 | 2013 |
|---|-----------|-----------|
| | £ | £ |
| Bank overdrafts | 116,137 | 122,133 |
| Bank loans | 11,366 | 32,802 |
| Finance lease liability | 33,305 | 66,789 |
| | | |
| | 160,808 | 221,724 |
| Less non-current portion of liabilities | (17,148) | (47,005) |
| Short-term borrowings | 143,659 | 174,719 |
| Trade payables | 1,442,538 | 1,483,256 |
| Invoice finance | 116,986 | 43,274 |
| Commercial loans – short term element | 4,290 | 9,004 |
| Accruals and other payables | 494,323 | 932,196 |
| Convertible loan notes – short term element | - | 15,000 |
| Other taxes and social security costs | 122,942 | 266,427 |
| Total current liabilities | 2,324,738 | 2,923,876 |

Note 12.1 contains further information on the finance lease liability.

On 30 September 2009, Pinnacle created £250,000 unsecured convertible loan notes in units of £5,000. On 30 September 2009, notes for a nominal value of £125,000 were issued at par. The loan notes are not transferable and may be redeemed (in whole or in part) by Pinnacle, at its sole discretion, at any time. The loan notes will become repayable on demand in the event of a specified default by Pinnacle. On 20 October 2011, £105,000 of these original loan notes were converted to equity at 15% discount to the mid-price at the time of the conversion. The fair value of this conversion was £123,529.

On 6 October 2011, Pinnacle created further £500,000 unsecured convertible loan notes in units of £2,000. The loan notes are not transferable and may be redeemed (in whole or in part) by Pinnacle, at its sole discretion, at any time. The loan notes will become repayable on demand in the event of a specified default by Pinnacle. All loan notes are convertible into ordinary shares by Pinnacle at any time after the second anniversary following issue, or alternatively by the holders of the loan notes at any time following the period of thirty days after the second anniversary of the loan note.

The conversion price is at a discount of 15% to the mid-market price per ordinary share as at close of business on the date five days after service of the relevant conversion notice, subject to a minimum of nominal value. The ordinary shares to be issued will rank pari-passu in all respects with the ordinary shares in issue. A provision for the embedded derivative has been made in the accounts, representing a provision for the Group's option to repay the loan notes in cash prior to the second anniversary.

On 29 September 2013, following agreement with the loan note holders, cancelled £100,000 of loan notes relating to the outstanding payments for the acquisition of RMS Managed ICT Security Limited, in return for an issue of 777,778 ordinary shares at a price of 18p per share in full and final settlement of all outstanding liabilities.

On 31 October 2013, at the request of the loan note holder, the company repaid £15,000 in cash in settlement of £15,000 convertible loan notes. The directors considered the fair value of loan notes to be nil at 30 September 2014 (£15,000 at 30 September 2013)

Interest accrued on the loan notes at 10% per annum, from 30 September 2009 to the earlier of the date of redemption and the date of conversion. The interest accrues on a day to day basis and is payable monthly in arrears.

| Convertible Loan Notes | 2014 £ | 2013 £ |

| Long-term financial liabilities | 17,148 | 47,005 |

17. Share capital and reserves

17.1. Share capital

On 26 March 2013 at the Annual General Meeting, the company passed an ordinary resolution for a 1-for-100 share consolidation, whereby the ordinary shares on the Company were sub-divided and reclassified as follows:

- 1. Every one hundred ordinary shares of £0.001 were consolidated on a 100:1 basis into one £0.1 ordinary shares
- 2. Each £0.1 ordinary shares were subdivided into (a) one £0.01 ordinary shares; and (b) one £0.09 Deferred Shares
- 3. The £0.09 Deferred Shares were subdivided into ten £0.009 Deferred Shares

No share certificates were issued in respect of deferred shares, or the ordinary shares of £0.1. As a result of the share consolidation, the weighted average number of outstanding shares used for basic earnings per share amounted to 35,604,548 shares (2013: 28,631,639), both figures being shown post consolidation.

17.1. Share capital (continued)

Retained earnings reserve at 30 September 2014

Following the share consolidation on 26 March 2013, the share capital of Pinnacle Technology Group plc consisted of ordinary shares with a par value of £0.01 and deferred shares with a par value of £0.09. All ordinary shares are equally eligible to receive dividends and the repayment of capital, and represent one vote at the shareholders' meeting of Pinnacle Technology Group plc. The deferred shares carry no voting rights and are not eligible to receive dividends or repayment of capital.

| Shares issued and fully paid | | 2014 f | 2013 £ |
|---|----------------------|-----------------------------|----------------------------|

| 17.2 Retained earnings reserve | | | |
| - | | 2014 £ | 2013 £ |
| Retained earnings reserve at 1 October 2013 Loss for the year | | (10,762,780) (1,773,870) | (8,053,437) (2,709,343) |

(12,536,650)

(10,762,780)

17.3. Merger reserve

The Group has taken advantage of the merger relief provisions in relation to the acquisition of Solwise Telephony Limited. The Merger reserve represents the excess over nominal value of the fair value of consideration received for equity shares, net of expenses of the share issue, in connection with acquisitions.

17.4. Fair Value Adjustment

Movements in the fair value adjustment reserve are created when there is a difference between the fair value of the shares issued as per the Sale and Purchase Agreement and the market value of the shares on completion of acquisition. No movements were recorded in the year.

18. Income tax

| The tax (charge)/credit represents: | 2014 £ | 2013 £ |
|--|-----------|-----------|
| Origination and reversal of timing differences | 174,975 | (270,081) |
| Tax (charge)/credit | 174,975 | (270,081) |

The relationship between expected tax expense based on the effective tax rate of Pinnacle Technology Group plc of 22% (2013: 21%) and the tax expense actually recognised in the income statement can be reconciled as follows:

| | 2014 | 2013 |
|---|---|---|
| | £ | <u>£</u> _ |
| Result for the year before tax Tax rate (23% to 31/03/2014 and 21% from 30/09/2014) | (1,948,845) 22% | (2,439,262) 23.5% |
| Expected tax expenses | (428,746) | (573,227) |
| Adjustment for: Non-deductible expenses Movement in unprovided deferred tax relating to fixed assets Movement in unprovided deferred tax relating to losses Release of deferred tax asset provided on losses Change in tax rates Adjustments on consolidation – pre-acquisition losses etc Prior year adjustments | 204 44,038 201,197 - - 8,331 | 7,962 33,742 297,039 508,100 25,074 (17,930) (10,679) |
| Actual tax payable/(rebate) net | 174,975 | (270,081) |

The Group has unrecognised deferred tax assets in respect of tax losses carried forward totaling £1,450,569 (2013: £1,406,071).

19. Related party transactions

As part of the acquisition of Accent Telecom UK Limited, the Group acquired a 40% share of the equity of an associated company, Stripe21 Limited. During the year, Accent Telecom UK Limited purchased services totalling £235,674 (2013: £244,540) from Stripe21 Limited, recorded as cost of sales in the consolidated income statement. In addition, Stripe21 purchased telecom services from Accent Telecom UK Limited of £2,595 (2013: £1,557) during the year of which none remained an unpaid trade receivable at year end.

In addition to his remuneration, CEO Nicholas Scallan received share based payments of £5,195 in 2014 (2013: Nil). There are no other related party transactions recorded during the year to 30 September 2014 or to 30 September 2013.

20. Contingent liabilities

There were no contingent liabilities at 30 September 2014 or 30 September 2013.

21. Capital commitments

There were no capital commitments at 30 September 2014 or 30 September 2013.

22. Risk management

The Group finances its activities through equity, loan notes and bank funds. No speculative treasury transactions are undertaken and during the last two years no derivative contracts were entered into. Financial assets and liabilities include those assets and liabilities of a financial nature, namely cash and borrowings. The Group is exposed to a variety of financial risks arising from its operating activities, which are monitored by the Directors and are reported in the principal risks and uncertainties contained within the Strategic Report on Page 13.

22.1. Cash and liquidity risk

The Group seeks to manage financial risk by ensuring sufficient liquidity is available to meet foreseeable needs and to invest cash assets safely and profitably. The Group policy throughout the year has been to ensure continuity of funding by a combination of loan note funding and available bank facilities.

22.2. Interest rate risk

The interest rate on the Group's cash at bank is determined by reference to the bank rate. The Group has agreed bank overdraft and credit card facilities with HSBC of £89,000. (2013: £154,000). The interest rate charged on finance leases and commercial loan is a fixed rate agreed at the time of signing the agreement.

22.3. Capital risk management

The Group's policy on capital structure is to maintain a level of gross cash available, which the Board considers to be adequate to fund a range of potential EBITDA movements, taken from a series of business projections, that allow the Group to invest in areas that may deliver future benefit to investors and to fund its existing operations. Consequently, the Group makes use of banking facilities, invoice discount finance and finance lease arrangements to help fund any capital requirements, in order to maintain that level of gross cash. The group currently has £89,000 of bank facilities available with HSBC. In addition, the group has a maximum £450,000 invoice discount facility available with ABN Amro, which allows up to 70% of qualifying revenues to be advanced on invoice to customers.

22.3. Capital risk management (continued)

The Group manages its capital to ensure that trading entities in the Group will be able to continue as going concerns, while maximising the returns to shareholders through the organisation of cash, debt and equity balances. The capital structure of the Group consists of cash at bank and in hand, debt and equity attributable to equity holders of the parent, comprising issued share capital, reserves and retained earnings as disclosed in the statement of changes in equity on page 33.

The directors seek to promote recurring revenues to a wide range of business customers, to reduce the risks associated with fluctuations in the UK economy and to increase the long term value to customers and shareholders. If required, the Group will subsidise one-off connection fees in order to generate contracted recurring revenues and secure longer term business relationships with customers.

The declaration and payment by the Group of any future dividends on the Ordinary Shares and the amount will depend on the results of the Group's operations, its financial condition, cash requirements, future prospects, profits available for distribution and other factors deemed to be relevant at the time.

Given the Group's stage of development, the Directors do not envisage that the Group will pay dividends in the foreseeable future and intend to reinvest surplus funds in the development of the Group's business. The Board will regularly review the appropriateness of its dividend policy.

During the year, the Group has made use of invoice finance in order to expedite cash available to the business from sales of IT Security software licences, hardware and equipment, this cash being used to reduce working capital tied up in one-off revenues and to purchase equipment at competitive prices from suppliers where the Group does not have a credit account.

In order to maintain or adjust the capital structure, the Group may adjust the amount of any pay-outs to the shareholders, return capital to the shareholders, issue new shares, make borrowings or sell assets to reduce debt.

22.4. Credit risk

The Group's policy is to monitor trade and other receivables and avoid significant concentrations of credit risk. The principal credit risk arises from trade receivables. Aged receivables reports are reviewed monthly and any balances greater than 60 days are reported to the CEO. The credit control function follows a policy of sending reminder letters that start once an invoice is over 30 days overdue. These culminate in a legal letter with the threat of legal action. In a limited number of cases, legal action has been pursued. An aged analysis of receivables is shown in Note 14 to the financial statements.

22.5. Risk Management Analysis

The information below provides an analysis of the financial assets and liabilities within the scope of IAS 39 Financial Instruments: Recognition and Measurement, required by IFRS 7 Financial Instruments: Disclosure. An analysis of the principal sums, relevant to an analysis of risk management, is as follows:

22.5. Risk Management Analysis (continued)

23. Post balance sheet events

On 21st November 2014, Pinnacle held a General Meeting at which shareholders were asked to consider resolutions in connection with a Placing and Open Offer, which were subsequently approved, enabling the Group to raise £564,470 through a Placing and Open Offer through the issue of 8,684,147 new Ordinary Shares at a price of 6.5p, to further accelerate the Group's strategy.

N+1 Singer LLP acted as sole broker on the placing and placed 7,461,535 new ordinary shares with Directors and existing institutional shareholders at 6.5p to raise £485,000 before expenses. Further funds were raised via an open offer at 6.5p to qualifying shareholders on the basis of one new ordinary share for every 21 existing shares held. Pinnacle received valid acceptances from qualifying shareholders in respect of 1,222,612 Open Offer Shares - approximately 69 percent of the maximum available, and equal to £79,470. Of the total funds raised, Pinnacle's Board of Directors subscribed for approximately £217,000 of new shares.

24. Ultimate controlling party

There is no ultimate controlling party.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PINNACLE TECHNOLOGY GROUP PLC (PARENT COMPANY)

We have audited the parent company financial statements of Pinnacle Technology Group Plc for the year ended 30 September 2014 which comprise the Parent company balance sheet and the related notes 1 to 12. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Statement of directors' responsibilities set out on page 29, the directors are responsible for the preparation of the parent company financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the parent company financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Financial Reporting Council (FRC's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the FRC's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the parent company financial statements:

- give a true and fair view of the state of the company's affairs as at 30 September 2014;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and Directors' Report for the financial year for which the financial statements are prepared is consistent with the parent company financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opnion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been
 received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- · certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Other matter

We have reported separately on the group financial statements of Pinnacle Technology Group Plc for the year ended 30 September 2014.

Andrew Bond Senior Statutory Auditor for and on behalf of Nexia Smith & Williamson Statutory Auditor, Chartered Accountants 25 Moorgate, London, EC2R 6AY

Nicholas Scallan Director

The accompanying accounting policies and notes form part of these financial statements.

COMPANY NUMBER: 05259846

NOTES TO THE FINANCIAL STATEMENTS (PARENT COMPANY)

1. Accounting policies

1.1. Accounting convention

The financial statements are prepared under the historical cost convention.

1.2. Profit and loss account

The Parent Company has taken advantage of section 408 of the Companies Act 2006 and has not included its own profit and loss account in the financial statements. The Parent Company's loss for the year was £2,664,427 (2013: £2,695,421).

1.3. Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

1.4. Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Computer equipment – straight line over 3 years.

1.5. Investments

Fixed asset investments are stated at cost less provision for diminution in value.

1.6. Pensions

The Company does not currently offer a pension scheme for the benefit of its employees.

1.7. Deferred taxation

Deferred tax is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations different from those in which they are included in the accounts.

Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

1.8 Share based remuneration

The Company issues equity-settled share based payments to certain employees. The fair value of the shares granted is recharged to the Company's subsidiaries and is calculated at the grant date, based on an estimate of the shares that will ultimately vest, using the Black Scholes model and in accordance with FRS 20.

2. Auditor remuneration

Fees payable to the Company's auditor for the audit of the Parent Company's annual accounts was £15,000 (2013: £10,500).

NOTES TO THE FINANCIAL STATEMENTS (PARENT COMPANY)

3. Intangible Assets

On 1 August 2011, as part of the acquisition of the business and assets of MacLellan IT Limited, the Group purchased goodwill of £602,791 in relation to the customer base, which has been accounted for in accordance with FRS10. This was being amortised to the profit and loss account of the parent company over 10 years on a straight line basis. However, following the wilful misconduct of employees and previously associated parties, the decision was made to fully expense the remaining balance to the profit and loss account.

NOTES TO THE FINANCIAL STATEMENTS (PARENT COMPANY) (CONTINUED)

8. Pension and other post-retirement benefit commitments

No contributions to company pension schemes were made during the year (2013: Nil).

9. Share capital

On 26 March 2013 at the Annual General Meeting, the company passed an ordinary resolution for a 1-for-100 share consolidation, whereby the ordinary shares on the Company were sub-divided and reclassified as follows:

- 1. Every one hundred ordinary shares of £0.001 are consolidated on a 100:1 basis into one £0.1 ordinary shares
- 2. Each £0.1 ordinary shares are subdivided into (a) one £0.01 ordinary shares; and (b) one £0.09 Deferred Shares
- 3. The £0.09 Deferred Shares are subdivided into ten £0.009 Deferred Shares

No share certificates were issued in respect of deferred shares, or the ordinary shares of £0.1. As a result of the share consolidation, the weighted average number of outstanding shares used for basic earnings per share amounted to 35,604,548 shares (2013: 28,631,639), both figures being shown post consolidation

12. Related party transactions

As part of the acquisition of Accent Telecom UK Limited, the Group acquired a 40% share of the equity of an associated company, Stripe21 Limited. During the year, Accent Telecom UK Limited purchased services totalling £235,674 (2013: £244,540) from Stripe21 Limited, recorded as cost of sales in the consolidated income statement. In addition, Stripe21 purchased telecom services from Accent Telecom UK Limited of £2,595 (2013: £1,557) during the year of which none remained an unpaid trade receivable at year end.

In addition to his remuneration, CEO Nicholas Scallan received share based payments of £5,195 in 2014 (2013: Nil). There are no other related party transactions recorded during the year to 30 September 2014 or to 30 September 2013.

The Parent Company is exempt from disclosing transactions between group companies due to the subsidiaries being wholly owned by the Parent Company.

NOTICE OF ANNUAL GENERAL MEETING FOR PINNACLE TECHNOLOGY GROUP plc Registered in England and Wales with registered number 5259846

NOTICE OF ANNUAL GENERAL MEETING

Notice is hereby given that the annual general meeting of Pinnacle Technology Group PLC (the "Company") will be held at the offices of N+1 Singer LLP, 1 Bartholomew Lane, London EC2N 2AX at 10:30AM (GMT) on Friday 27 March 2015 (the "AGM") for the following purposes:

Ordinary Business:

To consider and, if thought fit, pass the resolutions 1 to 3, which will be proposed as ordinary resolutions:

1. Adoption of financial statements

That the report of the directors of the Company (the "Directors") and the financial statements for the year ended 30 September 2014 together with the independent auditor's report be received and adopted.

2. Re-election of retiring Director

That Nicholas Scallan, who retires as a Director by rotation in accordance with the Company's Articles of Association, be re-elected as a Director.

3. Appointment of auditor

That Nexia Smith & Williamson Audit Limited be appointed as auditor of the Company until the conclusion of the next general meeting before which accounts are laid, and that their remuneration be agreed by the Directors.

Special Business:

To consider and, if thought fit, pass the following resolutions, of which resolution 4 will be proposed as an ordinary resolution, and resolutions 5 to 7 will be proposed as special resolutions:

4. Directors' authority to allot shares and equity securities

That, in substitution for any equivalent authorities and powers granted to the Directors prior to the passing of this resolution, the Directors be and are generally and unconditionally authorised pursuant to section 551 of the Companies Act 2006 (the "Act") to exercise all powers of the Company to allot shares in the Company, and grant rights to subscribe for or to convert any security into shares of the Company (such shares, and rights to subscribe for or to convert any security into shares of the Company being "relevant securities") up to an aggregate nominal amount of £153,394.78, provided that, unless previously revoked, varied or extended, this authority shall expire on the conclusion of the Annual General Meeting of the Company to be held in 2016, except that the Company may at any time before such expiry make an offer or agreement which would or might require relevant securities to be allotted after such expiry and the Directors may allot relevant securities pursuant to such an offer or agreement as if this authority had not expired.

5. Directors' power to disapply pre-emption rights

That, subject to the passing of resolution 4 above, the Directors be and they are empowered pursuant to section 570(1) of the Companies Act 2006 (the "Act") to allot equity securities (as defined in section 560(1) of the Act) of the Company wholly for cash pursuant to the authority conferred by Resolution 4 above as if section 561(1) of the Act did not apply to such allotment, provided that:

- (a) the power conferred by this resolution shall be limited to:
- (i) the allotment of equity securities in connection with an offer of equity securities to the holders of ordinary shares in the capital of the Company in proportion as nearly as practicable to their respective holdings of such shares, but subject to such exclusions or other arrangements as the Directors may deem necessary or expedient to deal with fractional entitlements or legal or practical problems arising under the laws or requirements of any overseas territory or by virtue of shares being represented by depository receipts or the requirements of any regulatory body or stock exchange or any other matter whatsoever; and
- (ii) the allotment, otherwise than pursuant to sub-paragraph (i) above, of equity securities up to an aggregate nominal value equal to £46,018.43; and
- (b) unless previously revoked, varied or extended, this power shall expire on the conclusion of the Annual General Meeting of the Company to be held in 2016 except that the Company may before the expiry of this power make an offer or agreement which would or might require equity securities to be allotted after such expiry and the Directors may allot equity securities in pursuance of such an offer or agreement as if this power had not expired.

6. Authority to make off market purchase of all deferred shares

That the entry by the Company be authorised, pursuant to section 694 of the Companies Act 2006 and article 12 of the Company's Articles of Association, to enter into a contract for the off-market purchase of all of the deferred shares of £0.009 each in its capital for cancellation, provided that:

- (a) the contract is on the same terms as the draft contract made available for inspection at the Company's registered office from the date of this Notice until the conclusion of the AGM, and also during the AGM itself; and
- (b) the aggregate price payable for all of the deferred shares shall be one pence sterling in accordance with article 3A of the Company's Articles of Association,

and such authority shall expire on the conclusion of the Annual General Meeting of the Company to be held in 2016.

7. Amendments to the Company's Articles of Association

That, subject to the passing of Resolution 6 above and the completion of the off-market purchase of all of the deferred shares of £0.009 each in the capital of the Company referred to in that Resolution, the Articles of Association of the Company be amended as follows:

Article 1 shall be amended to read as follows:

"Neither the regulations in Schedule 3 to The Companies (Model Articles) Regulations 2008 (as amended) nor any Table A regulations under any former enactment relating to companies shall apply to the Company."

- The definition of "Act" shall be deleted from Article 2.
- The definition of "Operator" in Article 2 shall be amended to refer to "Euroclear UK & Ireland Limited" in place of "CRESTCO Limited".
- The words "Section 40 of the Act or" shall be deleted from the definition of "Securities Seal" in Article 2.
- The words "the Act" shall be deleted from the definition of "Statutes" in Article 2.
- The words "the Act" in the third last paragraph of Article 2 shall be amended to read "the 2006 Act".
- The words "Sections 162A to G of the Act or" shall be deleted from the last paragraph of Article 2.
- Article 3 shall be amended to read as follows:
- "The issued share capital of the Company as at the date of adoption of these Articles is £460,184.36 divided into 46,018,436 Ordinary Shares of £0.01 each ("Ordinary Shares")."
- Article 3A shall be deleted.
- Article 5 shall be amended to read as follows:

Subject to the provisions of the Statutes relating to authority, pre-emption rights and otherwise and of any resolution of the Company in General Meeting passed pursuant thereto, the Directors may allot and issue shares (with or without conferring a right of renunciation), grant options over or otherwise dispose of them to such persons, at such times and on such terms as they think proper.

- Article 36 shall be deleted and subsequent Articles shall be re-numbered accordingly.
- The words "and without assigning any reason therefor" shall be deleted from Article 37.
- The word "Extraordinary" shall be deleted from the second paragraph of Article 46.
- The heading of Article 47 shall be amended to read "General Meetings, and both instances of the words "an Extraordinary General Meeting" in that article shall be replaced with the words "a General Meeting".
- The words "an Extraordinary General Meeting" shall be deleted from Article 48.2 and replaced with the words "any other General Meeting".

7. Amendments to the Company's Articles of Association (continued)

Article 49.3 shall be amended to read as follows:

"In the case of any General Meeting, the notice shall specify the general nature of such business. If any resolution is to be proposed as a Special Resolution, the notice shall contain a statement to that effect along with the full text of the Special Resolution."

- Article 50 shall be deleted and subsequent Articles shall be re-numbered accordingly.
- The figure of £75,000 in the first sentence of Article 75 will be amended to £115,000.
- Article 82 shall be amended to read as follows:
- "Any provision of the Statutes which would have the effect of rendering any person ineligible for appointment as a
 Director on account of his not having reached any specified age shall apply to the Company."
- The words "by reason of age" shall be deleted from the first sentence of Article 85.
- Article 86.4 shall be amended to read as follows:
 "Where such Director holds executive office has attained any fixed retirement age applicable to him as holder of such office."
- The words "the Act" in Article 95.1 shall be amended to read "the 2006 Act".
- The words "for the time being in the United Kingdom and" shall be deleted from article 98.
- Article 127.4 shall be amended to read as follows:
 - "The Directors shall not proceed with any election unless the Company has sufficient authority to allot and issue shares and sufficient reserves or funds that may be capitalised to give effect to it after the basis of allotment is determined."
- The word "unissued" shall be deleted from the last sentence of Article 127.6
- The words "an Extraordinary" shall be deleted from the first sentence of Article 143 and be replaced with the words "a Special".

The Directors believe that the resolutions described in this Notice are in the best interests of the Company and its shareholders as a whole. They recommend you give them your support by voting in favour of all the resolutions, as they intend to in respect of their own beneficial shareholdings.

19 February 2015 By Order of the Board Registered Office: 5 Fleet Place London EC4M 7RD

WJM Secretaries Limited Company Secretary

Notes

Appointment of proxies

All members holding ordinary shares are entitled to attend, speak and vote at the meeting. Such members may appoint a proxy to attend, speak and vote instead of them. A proxy need not also be a member of the Company but must attend the AGM in order to represent his appointer. A member may appoint more than one proxy provided each proxy is appointed to exercise rights attached to different shares (so a member must have more than one share to be able to appoint more than one proxy). A form of proxy is enclosed. The notes to the form of proxy include instructions on how to appoint the Chairman of the AGM or another person as proxy. To be effective the form must reach the Company's registrar, Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol BS99 6ZY not less than 48 hours before the time for holding the meeting or adjourned meeting.

Corporate representatives

Any corporation which is a shareholder can appoint one or more corporate representatives who may exercise on its behalf all of its powers as a shareholder provided that they do not do so in relation to the same shares.

Record date

Only those persons registered in the register of members of the Company at 6pm on 25 March 2015 (or if the AGM is adjourned, 48 hours before the time fixed for the adjourned AGM) shall be entitled to attend and vote at the AGM in respect of the number of shares registered in their name at that time. Any changes to the register of members after such time shall be disregarded in determining the rights of any person to attend or vote at the AGM.

Other matters

Please note that communications regarding the matters set out in this Notice of Annual General Meeting will not be accepted in electronic form.

Voting rights

As at 18 February 2015 (being the last business day prior to the publication of this Notice) the Company's issued share capital consists of 46,018,435 ordinary shares of £0.01 each which carry one vote each and 720,989,728 deferred shares of £0.009 each which do not carry the right to vote. Therefore, the total voting rights in the Company as at 18 February 2015 are 46.018.435.

Documents available for inspection

The following documents are available for inspection at the Company's registered office during the usual business hours on any weekday (Saturday, Sunday or public holidays excluded) from the date of this Notice until the conclusion of the AGM and will also be available for inspection at the place of the AGM from 10:00AM on the day of the AGM until its conclusion:

- (1) draft contract for the off-market purchase of all of the deferred shares in the capital of the Company; and
- (2) a print of the Articles of Association of the Company showing proposed amendments.

Explanatory notes to the business of the AGM

The notes on the following pages give an explanation of the proposed resolutions.

Resolutions 1 to 4 inclusive are proposed as ordinary resolutions. This means that for each of these resolutions to be passed, more than half of the votes cast must be in favour of the resolution.

Resolutions 5 to 7 inclusive are proposed as special resolutions. This means that for each of these resolutions to be passed, at least three quarters of the votes cast must be in favour of the resolution.

Resolution 1 - Annual report and accounts

The Directors must lay the Company's accounts, the Directors' report and the Auditor's report before the shareholders in a general meeting. A copy of the accounts and reports are available on the Company's website for investors at http://www.pinn.uk.com.

Resolution 2 - Re-election of Director

Article 84 of the Company's Articles of Association require that one third of the Directors shall retire at each AGM. The Director or Directors to retire are those who have been longest in office since their last re-election or appointment.

Nicholas Scallan is the Director who is required to retire at the AGM. Mr Scallan offers himself for re-election at the AGM.

A biography of each director is included in the annual report and accounts.

Resolution 3 - Appointment and remuneration of Auditor

The Company is required to appoint an auditor at each general meeting at which accounts are laid before the shareholders, to hold office until the end of the next such meeting.

Resolution 3 proposes the appointment of Nexia Smith & Williamson Audit Limited as the Company's auditor and seeks authority for the Directors to decide the auditor's remuneration.

Resolution 4 – Renewal of authority to allot shares

The purpose of this resolution is to confer upon the Directors the power to allot shares. Section 551 of the Companies Act 2006 provides that the Directors may not allot new shares (other than pursuant to employee share schemes) without shareholder approval.

Resolution 4 would give the Directors authority to allot shares up to an aggregate nominal amount equal of £153,394.78. This amount represents approximately one-third of the issued ordinary share capital of the Company as at 18 February 2015, the latest practicable date prior to publication of this Notice.

This authority would expire at the conclusion of the next Annual General Meeting of the Company to be held in 2016, unless previously renewed, revoked or varied by the Company in a general meeting.

The authority sought would comply with the Investment Association's Share Capital Management Guidelines (July 2014).

Resolution 5 - Disapplication of pre-emption rights

Section 561(1) of the Companies Act 2006 provides that if the Directors wish to allot any equity securities for cash, the Company must first offer them to existing shareholders in proportion to their existing shareholdings (unless the shares are being allotted in connection with an employee share scheme) (a "pre-emptive offer").

However there may be occasions when the Directors may need the flexibility to finance business opportunities by the issue of ordinary shares without having to make a pre-emptive offer to existing shareholders.

The purpose of this Resolution is to allow the Directors to allot shares for cash as if section 561(1) of the Companies Act 2006 did not apply pursuant to the allotment authority sought in Resolution 4 either:

- where shares are allotted pursuant to a pre-emptive offer Resolution 5(a)(i); or
- where shares are allotted other than pursuant to a pre-emptive offer Resolution 5(a)(ii) such allotments are limited to
 a total nominal value of £46,018.43, representing approximately 10% of the Company's issued ordinary share capital as
 at 18 February 2015, the latest practicable date prior to publication of this Notice.

The power conferred by this Resolution would expire at the conclusion of the next Annual General Meeting of the Company to be held in 2016, unless previously renewed, revoked or varied by the Company in a general meeting.

The power sought would comply with the Pre-Emption Group's *Statement of Principles* on *Disapplying Pre-emption Rights* (July 2008).

Resolution 6 - Authority to make off market purchase of all deferred shares

The deferred shares in the capital of the Company have been created as a result of a number of capital reorganisations. The deferred shares do not carry any right to vote or to receive dividends and their right to receive a distribution of capital is such that they may be regarded as having no economic value.

The Company proposes to simplify the Company's share capital by purchasing all of the deferred shares for cancellation in accordance with articles 3A and 12 of its Articles of Association.

The rights attached to the deferred shares set out in article 3A of the Company's Articles of Association allow the Company to purchase all of the deferred shares for the amount of one pence sterling in aggregate. The Company is also authorised to appoint a person to act as agent for all of the holders of the deferred shares to complete the transfer and receive the consideration of one pence sterling on their behalf. Subject to Resolution 6 being passed, the Company proposes to authorise one of the Directors to act as agent for all of the holders of the deferred shares in this regard.

A copy of the draft contract for the purchase by the Company of all the deferred shares for consideration of one pence sterling in aggregate is available for inspection at the Company's registered office from the date of this Notice until the conclusion of the AGM and will also be available for inspection at the AGM.

Resolution 7 - Amendments to the Company's Articles of Association

This Resolution proposes amendments to the Company's Articles of Association.

It is conditional on Resolution 6 being passed by the members since a number of the proposed amendments relate to the removal of references to deferred shares which would be purchased by the Company and cancelled if Resolution 6 is passed.

The Articles of Association are being amended to remove references to authorised share capital and the related concept of unissued shares given that the concept of authorised share capital has been abolished by the Companies Act 2006.

Article 36, which deals with the suspension of the registration of share transfers, is now redundant because section 771 of the Companies Act 2006 requires share transfers to be registered as soon as reasonably practicable.

The Companies Act 2006 has changed the terminology that applies to shareholders' meetings and the term Extraordinary General Meetings is no longer used.

It is not necessary to distinguish between different types of business at shareholders' meetings and so Article 50 is to be deleted.

Article 75 currently restricts the aggregate remuneration of the Company's non-executive directors to £75,000. It is proposed to increase that limit to £115,000 to allow the appointment of an additional non-executive director if the board believes there is an appropriate candidate.

Previously directors were required to retire at age 70 but this is no longer the case and so Articles 82 and 85 are to be amended accordingly.
